# 20C.60.15-050 Overlake Business and Advanced Technology (OV) Zone - Purpose.

The Overlake Business and Advanced Technology (OV) zone helps implement comprehensive plan policies calling for the creation of a high wage employment center to serve the region and an Advanced Technology Center at Overlake. The zone provides for advanced technology uses, research and development uses, corporate offices, compatible high technology manufacturing, distribution uses, and uses that serve these uses and nearby neighbor-

hoods. The development standards provide for a low to moderate intensity of development to match the available public facilities, especially transportation facilities. Development standards also provide for attractive developments with significant areas of trees and open spaces. Development regulations to enhance compatibility between the uses in this zone and neighboring residential areas are also included. New development and redevelopment should encourage walking, biking, carpools, vanpools, and transit use. The mix of allowed uses is also intended to help reduce motor vehicle trips in the area. Manufacturing Park and Industry Zones.

This section establishes site design requirements within the Business Park (BP), Overlake Business and Advanced Technology (OV), Manufacturing Park (MP), and Industry (I) zones. These standards implement the Washington State Growth Management Act (Chapter 36.70A RCW), the County-Wide Planning Policies, Redmond's adopted Comprehensive Plan, while protecting the City's business park, manufacturing park and industrial areas from public nuisances, incompatible uses, and hazards. (Ord. 2027)

- (1) Purpose. RCDG 20C.60.25-020(4), Site Requirements, establishes the dimensional requirements for business park, manufacturing park and industrial development. The standards and rules are established to provide flexibility in project design, maintain privacy between adjacent uses, and prevent public nuisances.
- (2) Explanation of Chart. The Chart of Site Requirements is arranged in matrix format. Development standards are listed down the left column and the zones are identified across the top row. The matrix cells contain the minimum or maximum dimensional requirements of each zone. The footnotes identify particular requirements applicable to elther a specific use or zone. An "NS" indicates that there is "No Standard" (i.e., special requirements).
